

Twister™ Pink

for High Traffic Areas

Twister™ Pink - time to shine.

We are proud to present the next step in cleaning of high traffic areas - especially areas with extra demand for high gloss. Twister™ Pink is the new addition to our family of Twister™ High Traffic diamond floor cleaning pads.

The Twister™ High Traffic family - consisting of Twister™ Pink, Twister™ Blue and Twister™ Orange - has been designed to restore the cleanliness and shine that are lost during a day - whether the wear comes from many customers in a demanding retail environment or from forklift traffic on an industrial floor.

The reason behind the increased efficiency of the Twister™ Pink Pad relate to both the selection and the concentration of diamonds, as well as the manufacturing process. The result is a significantly higher gloss with maintained cleanliness.

- Up to 30% higher gloss than with any other daily cleaning pad in demanding areas.
- Prolonged life span of both pad and floor compared to traditional methods.
- Accelerated results achieving high gloss.
- Chemical free solution - safe, eco-friendly and improving health and work environments.

When cleaning daily with Twister™ Pink you will experience:

- Up to 30% higher gloss compared to any other daily cleaning pad.
- Prolonged lifespan of both pad and floor compared to traditional chemical based methods.
- Accelerated results achieving high gloss in daily cleaning of high traffic environments.

Twister™ Pink provides cost savings and reduces the need for periodic polishing. It is the complete solution to combine high quality and gloss in high traffic areas, without the use of chemicals.

The best choice for a healthy environment. Just add water.

TWISTER™

Product Specification - Diamond Pads

Twister™ Pink

1.0 Description

The Twister™ Pink is a diamond impregnated floor pad used for daily cleaning of uncoated floors. It can also be used for polishing (1000-3000 RPM).

2.0 Properties

Weight	33 osy / 1119 gsm
Fiber Type	Recycled Polyester
Binder System	Proprietary
Binder Application	Spray
Impregnation Application	Spray
Impregnation	Industrial Diamonds Proprietary mix of sizes
Color raw material	Gray
Color impregnation	Pink
Pack	2 per case

3.0 Use

Twister™ Pink is ideal for daily cleaning of uncoated floors in high traffic areas, thus maintaining and producing a high gloss surface. Well suited for high-speed polishing of uncoated floors.

4.0 Construction

The Twister™ Pink Pad is made of 100% recycled polyester impregnated with billions of microscopic diamonds.

5.0 Labelling

Labelling clearly identifies product name, size, item number, color, quantity, origin and EAN code.

6.0 Environmental Initiatives

- a. Polyester fiber used in Twister™ pads come from 100% recycled material.
- b. Shipping cartons contain at least 45% recycled material.

c. Manufacturing plant is ISO 14001 certified.

d. Chemical free cleaning with Twister™ pads saves an average of 20 liters (5.3 gallons) of chemicals per pad used.

7.0 Directions for Use

- a. Dry mop the floor to reduce the wear on your Twister™ pad, as well as on the floor.
- b. Mount the Twister™ pad on the pad holder. The pad is mounted with the text "Machine Side" facing the machine and the pink side facing the floor.
- c. Fill the tank with water. You are now ready to clean the floor.

8.0 Product Care

For optimal results and lifespan of the Twister™ pad, rinse the pads with water after use.
