

TWISTER™

Twister™ Extreme Red, Heavy duty floor pad

Technical data sheet

Product description:

Nonwoven pad made from recycled PET blend with natural hair impregnated with microscopic diamonds bound in resin. Diamond abrasive applied on one side of the pad. Thickness of the pad is approximately one inch. Shape and outer diameter varies.

Intended use:

The pad is developed to be used for heavy duty tasks such as stripping of coated floors, light honing and restoring of hard floors.

Durability and limitations:

Lifespan up to 4 000 m² (when used in stripping resilient floors).

Sizes:

12-20", 24", 27", 14"*20", 14"*28" and 14"*32" Other sizes and shapes available upon request.

Product Characteristics:

Pad color: grey and black fibres. Diamond impregnation is slightly pink.

Marking: All markings are on one side of the pad (opposite side to the diamond impregnations). The markings consist of "Twister™ Extreme", "Red", the dimension in inches and "Machine Side"
Centre hole: Pre-cut at 3 1/4" (82,6mm)

Typical properties:

| Property | Value | Test Method |
|------------------------------|---|-------------|
| O.D Dimension | Designated size +/- 1/16 inch (1,6 mm) | |
| Thickness | 26 mm +/- 10% | D5736-95 |
| Weight | 1255 g/m ² (without impregnation) | D6242-98 |
| Fiber type | Recycled PET/natural hair | |
| Average tensile strength | 65 lbs/2 inch | D461.12-93 |
| Recycle content of packaging | At least 35% post-consumer recycled material. | |

Directions for use:

1. Dry mop the floor. Dry mopping improves the cleaning result as well as the cleaning economy
2. Mount the Twister™ pad on a Velcro holder. The printed side facing the machine and the diamond impregnated side facing the floor.
3. Scrub the floor

Maintenance of pad:

Rinse the Twister™ pad thoroughly with water after each use. This ensures the proper function of the Twister™.

Packaging:

2 Pads/package.

Special Features:

Mechanical heavy duty cleaning method using only water in the cleaning. No chemicals required.

Works on both coated and uncoated floors.

Twister™ replaces traditional chemical-based cleaning methods using the same routines and machines but with diamonds instead of traditional abrasives thus maintaining the floor surface in the daily cleaning resulting in a less environmental impact and lower overall cleaning costs.

Twister™ fits all cleaning machines.
